Summary

Full-stack developer with 2+ years of experience building scalable REST APIs using Node.js and Express. Led a development team in a workflow automation project, saving 40% of development time and improving user experience. Proficient in JavaScript, React, and SQL for full-lifecycle development.

Experience

Software Developer, 12/2021 - Current | Knexta Technologies - Bangalore, India (Remote Collaboration)

- Led a distributed team of 4 developers in automating workflows, reducing development time by 40% and improving user experience.
- Developed robust, scalable REST APIs using Express.js to ensure seamless communication between software components in various projects.
- Automated the health product renewal process with Node.js, significantly enhancing user experience and streamlining company operations.
- Developed user-friendly PDF templates (HTML, CSS, Vue.js) for thousands of customers, enhancing document clarity.
- Collaborated effectively with remote team members to troubleshoot and resolve software issues, ensuring a positive and bug-free user experience.
- Integrated third-party APIs (Doc IT, CCM, Gmail) to expand software functionality, providing value-added features and streamlining email management tasks.
- Implemented server reports (MySQL, Node.js) to optimize performance tracking and enable data-driven decision-making.
- Maintained up-to-date knowledge of emerging technologies, incorporating unit testing (Mocha, Chai, Istanbul) to ensure software quality.
- Successfully deployed software solutions to production environments, demonstrating reliability in remote delivery.

Skills

- **Front-End Technologies:** JavaScript, React, HTML, CSS, Angular (Intermediate)
- **Back-End Technologies:** Node.js, Express.js, SQL, MongoDB
- Testing: Mocha, Chai
- **Tools & Methodologies:** Git, Agile, Slack, Jira
- **Communication:** Excellent Written and Verbal Communication

Education

2021 - The New College - Chennai, TN

Bachelor's in Computer Application

2017 - T Abdul Wahid Higher Secondary School - Ambur, TN

Certificate of Higher Education

Accomplishments

- Achieved 90% client satisfaction rate on health projects, successfully delivering policies to thousands of customers.
- Developed and instituted employee training for Node JS and React
- Worked directly with senior leadership to integrate unit testing for insillion.

Certifications

- Full stack developer - GUVI (06/2021 - 12/2021)
- PostgreSQL : Become an SQL developer - Simpli learn (2023)
- Getting Started with Docker - Simpli learn (2023)
